### EASY TO USE

Ready to use with no mixing or special preparation needed.

### COST EFFECTIVE

One time application, maintains tire pressure, reduces tread temperature and increases fuel economy extending tire life 20-30%.

### PREVENTIVE MAINTENANCE

Coats the inside tire and rim. Seals punctures and bead area leaks as they occur eliminating or minimizing down time.

### NO MESS

Completely water soluble for easy clean out of a tire if recapping.

### WON'T HARM TIRE OR RIM

pH neutral, no chemical reactions, with four rust and one vapor lock inhibitors to prevent damage or rust.

### EFFECTIVE IN EXTREME WEATHER

Remains fluid and effective in temperatures down to -45°F and up to 200°F.

### SAFE TO USE

Contains no asbestos fibers. As a safety precaution, eye protection is recommended when injecting into high pressure industrial tires.

### EFFECTIVENESS

Extremely effective in tubeless tires, less effective in tube type tires.

## Tarp Straps
